EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This Office Action is responsive to Applicant's Amendment filed on 06/30/05.
2. Claims 1-11 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Examiner agrees with Applicant's arguments regarding claims 1 and 7. The prior art of record does not disclose or render obvious a motivation to provide for a control apparatus/method for a vehicle as defined by the limitations of claims 1 and 7, wherein, upon a coast downshifting of the automatic transmission during the vehicle in a coast state where the throttle is substantially fully closed, a controller causes a brake control system to control the braking force of a wheel brake such that a predetermined deceleration is established. Nishiyama discloses a control such that the deceleration of the vehicle is conducted according to the position of the shift lever and using only engine braking. Nishiyama does not disclose the control of the braking force of a wheel brake such that a predetermined deceleration is established upon a coast downshifting of the automatic transmission.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
